Annual Meeting of Highland Chapter Red Cross

The date for the annual meetings of Chapters is the fourth Wednesday in October,—this year the twenty-second—and we venture to make some suggestions which we trust will prove helpful.

No previous annual meeting of Chapters has been fraught with such moment as the one which will be held this month. The organization is about to complete one chapter in its history,—a chapter which contains in its pages the record of the imperishable and glorious achievements attained during the War; achievements fashioned by the whole-hearted, devoted sacrifice of each Red Cross member throughout the breadth of the land. At the same time we are about to write the lines of a new chapter in the history of the Red Cross, a chapter which will herald the program of our New Peace. It is not too much to say that in no period of the world has such a magnificent opportunity been accorded a lot of people for concerted, stimulating and helpful work as is presented by the Peace Time program which the Red Cross is now inaugurating. This program, accepted and carried forward by our membership with the same enthusiasm and devotion as they have shown during the War, will be productive of ultimate benefit to our neighbor and to the world at large, and will measure up with the far-reaching aid we were able to render during the great struggle now ended.

It is urged that a large representative of Highland members come out on the 22nd to elect officers and arrange the business of the Chapter for the ensuing year. A local speaker will make a talk on this occasion and a good program is being prepared.

It is hoped that all the county auxiliaries will be represented and make a report of finances, etc.

The Chapter has made a splendid record and as it grows older in experience it should not be contented to stand still or rest on its past laurels but extend the good work.

A. R. Hiner.

Highland had a "dry spell," but no drought as compared with other sections of the State.

Court Day

Those who predicted a short term of the circuit court this week had that prediction more than fulfilled. In other words, the session was shorter than was expected, and but for a little misunderstanding as to the status of one or two small cases the docket would have been cleared by the early afternoon of the first day.

The Jurors summoned were dismissed about 2:30, not having been called to the box, but, due to a misunderstanding as to one case, the jury was recalled Wednesday morning to try it.

The term was shortened by compromises in one or two cases and by virtue of the fact that one or more due for trial were dismissed "without prejudice."

Threatening weather in the early morning doubtless kept many away from town, but the weather man, out of consideration for the numerous candidates, no doubt, relented, and for several hours the day was bright and warm.

The promise of a joint discussion, political orations etc., did not materialize, though there were candidates and speakers present in ample numbers. The two Valley men pitted against each other for senatorial honors were on the ground Monday evening. Senator Jordan is said to have offered a joint discussion with Mr. Loth, his opponent, but declined to meet a substitute, but the situation was not known to the public, and when the bell rang after the noon recess there was a rush for the courthouse, all hoping for an old fashioned set-to between somebody and somebody else. But there was nothing doing inside. On the outside, however, candidates and their friends put in a busy day, and while considerable pep was injected into the campaign it was not of the noisy, enthusiastic sort that usually characterizes a public day so close election time.

The presence of Col. S. Brown Allen and A. Fulwiler, of Staunton, well-known speakers and leaders of former days, recalled a time when the political pot was seen to boil furiously in the old court-house, and made the crowd hungry for a spirited debate.

Candidate Loth, however, is said to be strictly a business man, never having made public speeches, much less debate on politics, and as to Sen. Jordan's refusal to meet a substitute, his friends asserted that he was fully right and justified.

The candidates for county officers were all on the ground. It is complimentary to say this, because, with election day approaching, it might have been expected that some of them would be "in the air."

Not a word of incrimination, no wrangling and no personalities. Opponents met face to face, exchanging pleasant smiles and greetings, joshing each other as to the final issue. And hand-shaking! Not a man escaping "unhook." If a poor fellow reached for the knob on the court house door, one or two grabbed his hand, and there were grips developed that no fraternity, past or present, could ever have adopted! It was a day of grooming for the home run the last lap of the race.

The lawyers in attendance were Messrs. Curry, Timberlake and Glasgow, of the Staunton bar, Hon. John W. Stephenson, H. H. Bird and Jack Stephenson, of Bath, B. H. Hiner, of Franklin.

The session closed on Wednesday. The proceedings of the term will be given in full in next issue of the Recorder.
